Others Present: Bob Matuskiewicz, Ellen Mauro, Tom McNamara

Meeting called to order at 7:05 pm

#### Site Update

Bob Mat reported the tub grinder is completely repaired. He also reported that there are 24-26 hoses, to replace all the hoses would be approximately \$1400 plus labor.

TJ Russell questioned Bob about if he purchased spare hoses. Bob explained that the replacement of hoses was too involved for him to do.

Bob informed the board he had contacted the police department and requested they watch for illegal dumping.

The contractor that has been plowing the facility for the last three years sent notice that he would hold the same pricing this year. This would mean he has not raised his prices in three years. He does an excellent job, is reliable and very accommodating to the site needs.

Motion J. Gibbons, seconded by R. Capozzi to use Allen Landscaping for winter 06-07 snow plowing. Motion passed without opposition.

Bob turned in his report of cans on site as requested at previous meeting. At next meeting, E. Mauro will provide Bob information with the truck run reports.

D. DelVecchio asked Bob to have brush pile caught up prior to winter. He asked Bob if he needed to have a schedule created, Bob assured him he did not.

J. Gibbons asked Bob to work on shaping up the area near the can storage and brush and leaf piles.

T. Russell asked about condition of trucks and when we are due to start looking into replacing one. He was informed we will be entering the third year of the new lease, so we'll be due to start looking at trucks the end of next year.

D. DelVecchio asked for minutes to be mailed to members so they may be approved at the next meeting.

Motion by A. Raczka seconded by J. Gibbons to adjourn the meeting at 7:30 pm
