We would like to answer the question **“What happens if it rains?”** Well if it is down pouring then please do not bring your child to the playground. A light drizzle will allow us to hold the program. You may call **860-343-6720** to be sure if recreation will be held or canceled. At times Little People may cancel do to the ground being so very wet. If we have a bad thunderstorm, please come and get your children. If the storm is severe, we will go to Strong School for shelter.

Please have your child wear play sneakers. **No sandals.** They may bring water shoes as we may go in the brook on a hot day. We also would like children to wear playing clothes. We would like all children to bring their own water bottle with their name on it. Please no glass. We will have a cooler of water at the park so that they may refill their bottles. They may also bring a snack if they wish. We will have a scheduled snack time. The sun gets very hot and bright and you may want to put sunscreen on your children before coming to the park. A hat may also help. We play very hard at the park, and sometimes your child's clothes may be dirty or wet. Just letting you all know that when you pick up your child, they may need a change of clothes if you are not going home.

Playground Parents must sign their children in at drop off time. Jr. Counselors can sign themselves in. Parents must also sign out their children with their child's staff member at pick up time. Sign up sheets will be located on a small table in front of the pavilion. Little People will be dropped off at the big tree and also picked up at the big tree. If your child will be going home with another parent, we will require a note for our records. The note should be given to your child's counselor that day.

Each child will be assigned a counselor for the day that they are attending the playground program. Groups will be assigned at 9:15 am. Please have your child at the park at this time so that we may put them into groups with their friends. Little people will meet under the tree at their schedule times.

We ask all who are dropping and picking up their children to drive slow. Some children ride their bikes and walk to recreation. Try to park on the side of the park with the pavilion, so that you and your child do not have to cross the road.

Please use the cross walk when crossing the road to the park. No animals allowed at the park during playground hours.
